

SCHIEBEL

The Schiebel Group of companies is a world-wide high-tech electronic enterprise for Unmanned Air Systems (CAMCOPTER® S-100) and Mine Detection Systems.

To expand our team in Vienna, we are looking for a

Programme Manager (M /F)

Your Duties:

- Management of specific customer programmes, including, but not limited to:
Delivering all contracts / programmes within time and budget
Cost Management / Controlling & Reporting
- Coordinate with relevant Department Heads to ensure contract compliance
- Maintain detailed project plans (MS Office)
- Maintain programme management data and project cost accounting
- Primary point of contact to the customer
- Manage, with the support of Sales, Technical and Financial Departments, the preparation of cost/technical proposals relating to the assigned customers
- Provide programme updates to the management

Our Requirements:

- Engineering and/or Project Management education (university or technical school)
- 2+ years experience in managing technology-related projects
- Current Project Management Professional (PMP) or equivalent certification desired
- Experience in the aviation and/or defense industries desired
- Highly motivated, flexible self-starter
- Customer-service oriented
- Eagerness to travel to customer locations around the world as required
- Fluent in German and English, other languages advantageous

What we offer:

- Working on world-class products
- Very good working atmosphere
- Flexible working hours

According to the Collective Agreement we offer an annual gross salary of € 35.000 with possible overpayment depending on education, qualification and work experience.

If you are interested in a unique, fast moving and dynamic job profile and seek a professional career in a small but global company that continues to expand, then please apply, preferably by email, to our Human Resources Department, at work@schiebel.net
